

ACADEMIC LEADERSHIP

The Institute For Education, Saraikela, believes that strong academic leadership is the foundation of institutional excellence. The Institute is guided by an experienced and visionary leadership team that ensures academic quality, innovation in teaching-learning processes, and holistic student development. Each program under the Institute is led by qualified and dedicated Heads of Departments who bring expertise, integrity, and commitment to their respective disciplines.

1. Head – B.Ed. Department

Dr. Sweety Sinha

Principal & Head, Department of Education

Dr. Mahanty is an eminent academician with long experience in higher education and administration. Under her leadership, the B.Ed. department has achieved 100% student results and University toppers for consecutive years. She has played a pivotal role in obtaining NAAC “A” Grade accreditation and in the institutional application for autonomous status. Her focus areas include teacher education reforms, inclusive education, quality assurance, and research-based pedagogy.

2. Head – BBA Department

Dr. Mithlesh Choubey

Head, Department of Business Administration

Mr. Kumar brings vast experience in business management education and industry interaction. He focuses on developing students’ entrepreneurial and leadership skills through practical exposure, industry visits, and project-based learning. Under his guidance, the BBA department organizes seminars, management fests, and internships in collaboration with reputed organizations. His leadership ensures alignment of the program with AICTE norms and the latest business trends.

3. Head – BCA Department

Mr. Kishore Kumar Ray

Head, Department of Computer Applications

Ms. Sinha is an expert in computer science and ICT integration in education. She has successfully developed a team of competent faculty members who focus on skill-oriented learning, coding literacy, and emerging technologies such as Artificial Intelligence, Data Analytics, and Cloud Computing. Her department has established four computer laboratories and a language lab, promoting digital literacy and innovation among students.

Collective Academic Leadership and Quality Assurance

The Academic Heads, under the supervision of the Principal and Director (Mr. R. N. Mahanty), work collaboratively through the Internal Quality Assurance Cell (IQAC) to ensure:

- Implementation of outcome-based education (OBE)
- Curriculum enrichment through workshops and FDPs
- Continuous assessment and mentoring of students
- Integration of ICT and e-Governance in all academic processes
- Promotion of research, publication, and community engagement

Commitment to Excellence

The academic leadership at the Institute for Education is committed to fostering a learner-centric environment where students are nurtured to become competent professionals, responsible citizens, and leaders of tomorrow.
