Dist : Seraikella-Kharsawan Jharkhand-833220

This Academic Collaboration between Department of Education, Jamshedpur Women's College and Institute For Education aims to enhance the educational experience foster global academic cooperation, and build a strong relationship through student exchanges, teacher exchanges, and external examiner ship exchanges.

Objectives :-

- 1. Promote Cultural and Educational Exchange:- to provide students and faculty members with opportunities to engage in cross-cultural learning and academic collaboration.**
- 2. Enhance Academic Excellence:- to elevate the standard of education and research by leveraging the expertise and resources of all partner Institutions.**
- 3. Strengthen Institutional Ties:- to build long lasting academic relationships that contribute to the growth and development of all participating institutions.**

I. Key Areas of Collaboration

Student Exchange Program :-

Objective :-

- a. To offer students from JWC, and IFE the opportunity to study in each other colleges, getting exposure to different educational systems, cultures, and prospective.**
- b. Exchange students will be integrated in to regular academic programs and will have access to all student services and facilities.**

Expected Outcomes :-

- Development of a global mindset among students.**
- Enhanced intercultural communication skills.**
- Strengthened academic and social network.**

II. Teacher Exchange Program

Objectives :-

- 1. To facilitate the exchange of faculty members between Jamshedpur Women's College, (Department of Education) and Institute For Education, thereby enhancing the teaching and learning experience across all Institutions.**
- 2. Exchange faculty will contribute to Seminars, workshops, and Special lectures.**

3. External Examiners will be appointed to access and evaluate student work across institutions, ensuring academic integrity and the maintenance of high standards.
4. External examiners have to follow the rules & regulations of each other college and have to maintain the privacy of Examinations.

The implementation of this collaboration will be phased with pilot programs for student and teacher exchanges commencing in the upcoming academic year Since 2018.
