Taking Arrangement of Class

School premise is a place where the students are mentally prepared to learn any lapse during their regular classes leads to disconnection of their interest from the regular mode. To compensate the lapse engaging the students into various activities is necessary which is termed as arrangement of classes.

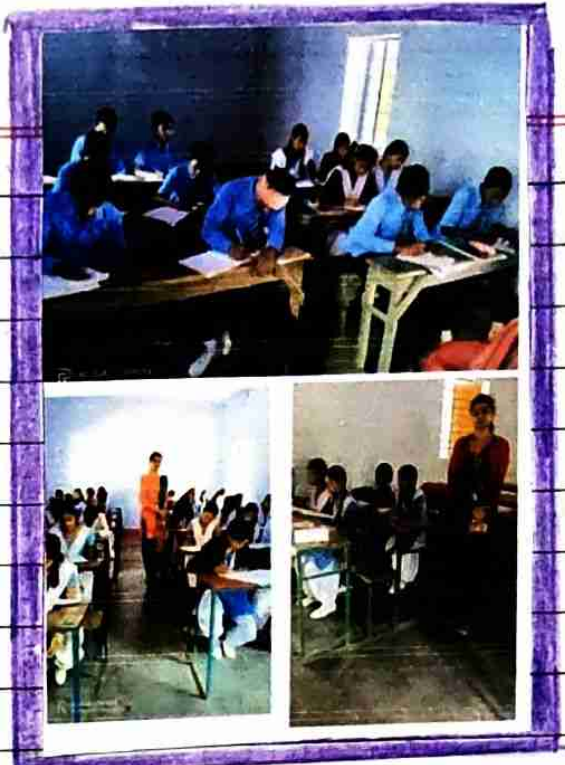

This denotes their seating arrangement also which allows the students to gain physical knowledge in grasping their teacher's attention & teaching skill which at times is based by following reasons:-

- a) Height issue
- b) Sight issue
- c) audibility issue
- d) active & alternative issue.

The behavioural barriers are overcome by arranging the class so as to maximise the teaching effect availed to all the students in a classroom.

The imp. of arrangement of class in the school are as follows:-

- It allows a regular flow of interest among students so as to manage the gapping.
- It gives a provision of inclusion of activities which aid teacher's materials.
- Implementation of learning is done in certain activity which can be a better approach of teaching.

Date: 28-11-22
